PUKEKOHE Vegetable Growers ASSOCIATION

Horticulture™ New Zealand Ahumāra Kai Aotearoa

Pukekohe grower road compliance workshop

Get road ready before the peak season

A proactive workshop for commercial vegetable growers, farm managers, machinery operators, spray operators and relevant staff in the Pukekohe growing area who move agricultural vehicles and /or equipment on public roads in Auckland and Waikato.

When Thursday 19 November

Time 3-5pm (followed by a BBQ and refreshments)

Where Bioeconomy Science Institute Research Farm, 49 Cronin Road, Pukekohe

REGISTER NOW
(for catering purposes)

What the workshop will cover

- Practical guidance - road-compliance requirements and common issues session with the New Zealand Police Commercial Vehicle Safety Team (CVST)
- A live machinery demonstration - walk-around using grower tractor, implements and sprayers to show what you are expected to check
- Updates from supporting agencies on relevant work underway and what it means for growers
- An opportunity for questions and answers
- BBQ and networking (at the conclusion of the workshop)

This workshop is supported by: Ministry for Primary Industries (On-farm Support Team), Fire and Emergency New Zealand, Hoto Hone St Johns, NZ Vegetable Council, Farmlands | Fern Fuel

Disclaimer: This is an education workshop providing general road compliance guidance. It is not an individual legal advice or vehicle certification/ inspection event.
