

What to do when I receive my COVID-19 rapid antigen test result.

Please find below a simple decision tree to guide you on the key steps you should follow once you have received your COVID-19 rapid antigen test result.

READ YOUR RESULT

Negative

One line next to the **C** indicates the test is negative.

Positive

Two lines, one next to **C** and one next to **T**, even faint lines indicate the test is positive

Failed/Invalid Result

No line next to **C** indicates the test is invalid.

I need to use a RAT before each work day

Undertake RAT test

Failed

Detected
(C&T lines visible)

Not detected
(Only C line visible)

You must advise your employer of the result, and record your result in My Covid Record or on 0800 222 478.

Is this your first RAT test for the day?

Yes

No

Please follow the manufacturer guidelines on how long to wait before a retest

You are a case and will be contacted with next steps. Ensure follow isolation requirements.

Go to work
